Replacement tiled roofs that will transform your conservatory into a functional and stunning space
- a space meant for living in!

Transform your conservatory with the Warm Roof Division into an all year round living space. Our tiled roof systems undergo thorough testing and are subject to extensive research – producing a compliant, resilient product which is compatible with all roof styles. Its insulation values exceed current building regulations and boast a 0.14 U-value

Custom tiles are tailored to your existing conservatory frame and provide you with a welcoming living space free from wind and rain noise, leaks and extreme temperature fluctuations.

22nd December 2022

"Despite very challenging weather conditions leading up to Christmas, Shaun's team were able to remove my old conservatory glass roof, add additional lighting, install a Leka system roof and carry out the plastering. The entire job was completed to a high standard and, as requested, all before the Christmas break. The final deep-clean of the site, both internal and external, was very professional and very much appreciated. It was a pleasure dealing with Shaun and his team who went that extra mile to ensure a timely and efficient completion of the install. The conservatory is now a more usable and pleasant space to be in, with the temperature more stable and comfortable. Thank you to all at Warm Roof Division Ltd."
